WHAT'S NEW?

The introduction of the Roll Art judging system has revolutionized artistic roller skating. Skaters are now expected to perform with much more precision and clarity. The new Freedom collection was created to meet these demands.

More control, faster response to changes in direction, a perfect base for every movement, and greater comfort even during the longest training sessions.

The models and their structure remain unchanged, ensuring continued success. However, two revolutionary updates have been introduced to guarantee better control:

"Salto Waltz, dal libro Artistic Roller Skating – Free Skating Part 1 di S. Locandro"

1. NEW ALIGNMENT

To make body alignment easier, the center of gravity has been moved back by changing the boot's tilt. Just 10° of inclination revolutionizes the base of every movement, increasing precision even during take-off.

OLD

NEW

2. SHAPE

The shape has been redesigned to provide more toe space, offering greater overall foot comfort.

FLY

FOR SKATERS WHO LIKE TO WIN

STRUCTURED

Built to land triples safely and support the most extreme edges.

MAXIMUM CONTROL

With the new setup, you'll have even more control, feel more stable, and every movement will be faster.

BREATHE

178 holes let in fresh air with every movement. The Air Tech micro-perforated quick-dry lining keeps your feet cool at all times.

NEW COMFORT

The new shape delivers comfort that keeps you on the rink longer and performing at your best.

Sizing

THE PERFECT SIZE

To determine the correct length, use the EDEA MEASURING DEVICE.

THE PERFECT FIT

90% of feet use a C or standard fit. With Edea stretchers, you can achieve perfection. Freedom collection boots (Esordio, Rondò, Ritmo, Fly, Classica, and Flamenco) are made only in C width but can be widened (except Esordio). Overture, Chorus, Concerto, and Ice Fly can be widened or made in B (narrow), D (wide), or E (extra wide) upon request.

STRETCHERS AVAILABLE IN SIZES:
